    - Competitors' FIS Points
    - Signature of the Head Judge
    - Signature of the FIS Race Director
    - Nationality of Judges
    - Start Order Number
    - Weather information
-

5. What is the year of birth required for a Ski Cross athlete to receive a FIS License in 2009-2010?
- 1993
  - 1994
  - 1995
  - 1996
6. Protests can not be submitted to the Jury for:
- Competitor disqualification
  - Judges Scores
  - Competition course
  - Qualification of a competitor
7. What is the minimum number of days that must be scheduled for training in Aerials?
- 1
  - 2
  - 3
  - 4
8. What is the minimum age for performing Triple Inverted aerial manoeuvres in FIS Aerials competition?
- 15
  - 16
  - 17
  - 18
  - 19
9. In Ski Cross, how are the final rankings shall be calculated?
- Competitors placing 5<sup>th</sup> to 8<sup>th</sup> are ranked according to their qualification times
  - Competitors placing 9<sup>th</sup> or lower are ranked according to their qualification times
  - Competitors placing 9<sup>th</sup> or lower are ranked according to their qualification times and what round they are eliminated
  - All competitors are ranked according to placings in heats.
10. The maximum length for a FIS Continental Cup Ski Cross Course is:
- 750m
  - 1,050m
  - 1,200m
  - 650m
11. Within what amount of time must an Aerial Competitor start once the start signal has been given?
- 5
  - 10
  - 15
  - 20
12. When a competitor is added to the Start Order, s/he shall:
-

- Start in the last position of the official Start Order
- Start in the position determined after a re-draw
- Start in the first position of the official Start Order
- Not be permitted to start

13. Which of the following is not covered in the FIS ICR?

- RNS
- DSQ
- DNF
- DNS

14. Which of the following is not a condition for granting a re-run:

- Failure of the primary electronic timing system in Moguls

- Written or verbal reprimand
- Withdrawal of accreditation for the current event from FIS accredited persons
- Disqualification
- Monetary fines
- All of the above
- None of the above

### **Part 3 – Open Questions**

1. You challenge a competitor during Official Training on the day of competition because he is not wearing a bib. He says he has one but it he left it at his lodging. What do you do?
2. Official Training for a World Cup Aerials event is due to start in 5 minutes and you notice that there is no First Aid in attendance. What do you do?
3. What are the main purposes of the Team Captains' meetings held each evening of a competition?

4. You arrive at the venue for a Dual Moguls competition and find the course partially set out but with the Air Bumps not yet in place. The course area measures up as follows:

	<b>Distance</b>	<b>Gradient</b>	<b>Width</b>
Start area	10m	5°	18m
	30m	23°	18m
	10m	36°	18m
	20m	30°	18m
	20m	28°	18m
	20m	24°	18m
	20m	22°	18m
	20m	21°	18m
	20m	20°	18m
	20m	19°	18m
Finish area	30m	5°	25m

What is the average gradient of this course?

What problems do you foresee with this course, and what approach would you take to address them?

5. The producer from the host TV broadcaster has a great idea to position a camera on a 20m boom next to the Finish line so that he can get dramatic action shots of skiers approaching from the second Air. How would the conversation go?
6. A fault with the electronic timing during one competitor's run in the Ski Cross Qualifications leads to the recording of a backup time for that competitor. With 5 competitors still to run, the Chief of Scoring contacts you to say that he doesn't believe that the backup time is correct. The Chief of Timing insists that it has been correctly derived from the secondary timing system. The Chief of Scoring points out that the secondary timing readings have been seriously out of step with the primary readings for most of the morning. The competitor's coach comes over and enters the discussion. What do you do? What do you do if the matter is still unresolved when the last competitor in Qualifications has gone down?
